

Marquette University Safety

By the Numbers

Marquette University is committed to providing the safest environment possible in which to learn, live and work. We continuously address campus and community safety with innovative programming, educational efforts, technological advances and the best-trained campus law enforcement staff in the area. With our expansive Marquette University Police Department patrol operations, on- and off-campus outreach efforts, and a nationally recognized Department of Campus Safety, we continue to set the standard in excellence among campus safety departments.

68 public safety professionals

including 48 law enforcement officers

24/7/365

MUPD patrols campus and near-campus areas all day, every day

450 Blue Light Phones

connect immediately to MUPD and have cameras to record the area

15,000+ Marquette community members

receive MUPD's **Safety Alert** texts for real-time notification of an active campus threat, police presence or campus safety action step

30 faculty and staff

on Marquette's **Crisis Management Team**, which manages hazard assessments, training and updates to the university's Crisis Management Plan for major emergencies impacting core university operations

1,219 security cameras throughout campus

linked to MUPD and used to monitor suspicious behavior

94,000+ evening safe rides in 2022

Over 10 million rides since the student-run program began in 1986

8 EagleExpress campus shuttles

Evening safe rides requested via the EagleExpress app

2 mobile camera and light units

deter crime and expand police visibility in strategic areas for additional safety

10,000 EagleEye downloads

App connects directly to MUPD and sends device location in real-time

DOZENS of personal safety classes

offered by MUPD, including self-defense, personal security awareness and active shooter training

1 Blue

MUPD's **community outreach dog** who loves safety tips and dislikes horses

UNIVERSITY

BE THE DIFFERENCE.

MUPD Safety Alerts

Timely and effective communication provides the best possible opportunity to safeguard the well-being of the campus community during times of crisis.

LEARN MORE

HOW TO RECEIVE TEXT ALERTS

All students, faculty and staff are automatically opted in to the text messaging system if their mobile phone numbers are up-to-date and labeled as a mobile number in CheckMarq for students or in MyJob for faculty and staff. Parents and guardians are also able to sign up for text messages, instruction below. Please ensure your device settings are not blocking mass notifications or emergency notifications.

STUDENTS

Go to CheckMarq. Go to "Profile" and select "Contact Details." Scroll down to "Phone" and enter your mobile number. Make sure it's labeled "mobile," not "home."

PARENTS AND GUARDIANS

Parents and guardians of current, active students should visit the Family Safety Texts web page at marquette.edu/family-safety-texts/ and enter their student's MUID number. After submitting, the authentication process will confirm (or deny) the request and provide further instruction for enrolling your mobile number. Upon receiving a confirmation text message of enrollment, your mobile number is immediately active and will receive future safety alert text messages. You will need to re-enroll every June 1.

See something, say something, *call MUPD*

For an **emergency** on campus call **(414) 288-1911** or extension 8-1911 from any on-campus phone. For **non-emergencies** call **(414) 288-6800** or extension 8-6800 from any on-campus phone.
