*This is a partly bilingual event, mainly in Spanish
along with some English translations.*

Presentation & commentary by Dr. Armando
González Pérez, MU Department of Foreign
Languages.

Reception & book signing to follow.

Synopsis: *A young girl struggles to overcome the trauma of a family
day at the beach that culminates in tragedy. With impressionistic
brevity, this narrative offers a tale of triumph over adversity and of
regeneration of the feminine experience. Sometimes tender and
other times heartbreaking, the memories extracted at random from
the chest of memory allow the main character to reinvent herself
through the creation of matrilineal myths.*
