A Better PPO from Delta Dental

Delta Dental is the largest and oldest dental benefits specialist in the country. It was built on the guiding principle that dental benefits should be easy to use and hassle-free. Delta Dental of Wisconsin was founded in 1962 with the same goal. Combined, member companies of the Delta Dental Plans Association serve more than 50 million people in nearly 88,000 groups across the nation.

With some PPO plans, you don't get much choice of providers. And if you go out of network, you face a stiff penalty from balance-billing by the provider. But your Delta Dental PPO plan is different. Our PPO network, which includes more than 104,000 dentist locations nationwide, is backed by our Premier network, which includes more than 182,000 dentist locations nationwide – more than 75% of the nation's dentists. Your lowest out-of-pocket costs will come from seeing a Delta Dental PPO dentist, but you'll also enjoy cost advantages if you see a Premier dentist. That means savings on out-of-pocket costs **and** better choice. Here's an example:

Confirming Your Coverage

If you are not sure of the effective date of your coverage, please call Delta at 800-236-3712 before you have any dental work done.

Also, before scheduling appointments for extensive dental care, you may ask your dentist to send the treatment plan to Delta Dental. The plan will be reviewed by Delta and a **Predetermination of Benefits** form will be returned to you and your dentist. You and your dentist may then discuss the treatment and your out-of-pocket costs. Delta encourages you to be informed about your dental care.
