

Pregnant? Sign up for extra dental benefits

If you're pregnant, it's important to pay attention to your oral health. That's because research shows that gum disease is linked to premature, low birth weight babies.

Our dental plan now offers extra benefits for pregnant women, as well as for persons who have diabetes or have had periodontal surgery. Sign up today at www.deltadentalwi.com, or call Delta Dental of Wisconsin at **800-236-3712** for more information.

Delta Dental believes *everyone* deserves a healthy smile.
