To assist the Collection Development Advisory Committee with the evaluation of this request, please provide a paragraph below describing why this title should be added to the Library collection. Include specific information regarding which classes, research, or programs it would support. Please consider whether receiving copies of occasional articles via interlibrary loan or document delivery would be an appropriate alternative to subscription purchase. If you have a sample issue, reviews, promotional brochure, etc., please attach; such material would be helpful to the evaluation process and will be returned to you along with notification of the Library's recommendations concerning this subscription. The completed form and any accompanying material should be sent to your Collection Development Librarian.
