TOTAL	208		219		211		193	

* Class levels are defined by course catalog number.

* A class is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session.

* There is some duplication of counts due to aggregation of cross-listed classes.

* Excluded are distance learning classes, noncredit classes, individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings, independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes.

* End of term data were used for years 2004-06.

* Statistics include all full and part-time enrolled students.
