ITSO Fundraiser Was a Fun-Raiser

ITSO sponsored a fundraiser for Project Nikki last Thursday, November 29. The proceeds from the event went to help with the Neonatal Intensive Care Unit.

Specifically, our club raised money toward the Giraffe OmniBeds which care for premature newborns. The whole night was a huge success, and ITSO raised over \$50 for Project Nikki.

The event had plenty of food, everyone who attended won a raffle prize, and there was no better place to watch the football game (that is, unless you are a Packers fan). However, the highlight of the evening would have to be the first annual

ITSO dodge ball halftime game! Overall, the night was a lot of fun, and raised a money for a fantastic cause.

Website Procrastination

Christmas is coming just around the corner, and this month's Website procrastination section serves to make your holidays as stress-free and relaxing as possible by giving you shopping and travel options that will not break your bank account as well as some Christmas entertainment. As the holidays get closer, perhaps a little procrastination time may be just what's needed between studying for exams.

Jellyfish – www.jellyfish.com

As one of Professor Ow's speakers this semester, Mark McGuire, the president and co-founder of www.jellyfish.com, came to Marquette to speak about a new concept in shopping. Even if shopping is not of particular interest to you, I'm sure that saving money and time around the holiday season is. The JellyFish Website allows you to type in what you are

shopping for and search in a number of categories and stores for the cheapest deal possible. In addition, JellyFish offers something called "Smack Shopping," which kind of follows the concept of the game show Deal or No Deal. With "Smack Shopping," an item is presented for sale, and the price of the item keeps dropping until it sells out. The catch is that people don't know how many items are available, so they have no idea how much the price will drop before the item is sold out. Check out JellyFish.com for some good deals during the holiday season!

SkyBus – www.skybus.com

Planning to go home over winter break? Trying to find a cheap plane ticket? Look no further. SkyBus offers at least ten \$10 seats per flight, and now SkyBus flies right out of Milwaukee. Although SkyBus must always layover

in Columbus, OH when flying out of Milwaukee, the cash savings may be worth the extra time. Even if the \$10 seats sell out, other seat prices are available for \$25 or \$35, but make sure you move fast before all the best deals are gone.

Christmas Games -

Finally, there's no better way to procrastinate during the holiday season than to play games involving Santa skiing or freezing elves. These games may not be the best on the Web, but they sure serve as addicting entertainment. Give them a try between wrapping presents and visiting with family.
